

## McNeill Cemetery, Pearl River County, MS

The McNeill Cemetery survey was done in February, 2004, by Helen Clunie and Mattie Jo Fox, and updated in January, 2006, by Mattie Jo Fox. With many thanks to both of them for sharing this survey. Above photo was taken by Helen Clunie

The text and photos below were taken from a book by Gary Spiers. Mr. Spiers very kindly gave us permission to use the info from his book on the site and, for that, we are most appreciative.

### Spiers Cemetery [McNeill Cemetery]

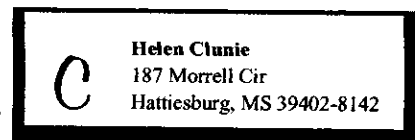

I have to use that name because, actually, old man John Spiers started this graveyard. It began when he bought 121 acres of land at this location in 1856. About half of the present day cemetery is located on John Spiers' land. The old cemetery starts about halfway of the church and goes west. Quite possibly, one of the first burials could have been John's son, James Spiers, who died during the Civil War in the Jackson Military Hospital. His grave has never been located. John Buried his wife, Lourana Perry Spiers, here in 1875. Her headstone is there. John himself was buried here in 1889 beside his wife. Five of John's sons are buried here: William, George, John, Jr., Richardson and Thomas. Their wives are, also, buried beside them with the exception of Thomas' wife, Mary Dunn Holliman Spiers, who is buried in the Holliman Cemetery in the Mill Creek Community. In 1895, Andy Livings married John's granddaughter, Sarah Victoria Spiers. She was the daughter of John's son, John "Pocket" Spiers. In 1906, Andy Livings and his wife "donated to the white citizens of the McNeill Community, one square acre for a cemetery." This is the part of the cemetery from about the middle of the church and running east towards Hwy. 11. Apparently, there were people being buried on this part before it was legally donated, as there are several graves just across the line that were there before 1906. Also, it looks as though Andy Livings and his wife were buried in the old graveyard. In 1856, John Spiers applied to buy 121 acres where McNeill is now located. It looks as though John was the first to purchase land around the McNeill area. Although he bought many other properties, it appears that this was where he finally died. He started Spiers' Cemetery on this property.

## Survey of McNeill Cemetery

Above, tombstones of John Spiers, left, and his wife, Lourana Perry Spiers.

John Spiers was the first Spiers to settle in what is now Pearl River County. He was born in Georgia in 1799 and came to Mississippi around 1817 at the age of 18. His first land claim was in the spring of 1818 and described as "on Mill Creek." Most of the Spiers in Pearl River County are his descendants. There is a Spears lake on the Old River in the Henleyfield Community named after John Spiers. He was married around 1819 and produced 9 boys and 2 girls. He, also, had over 80 grandchildren. Eight of the boys were in the Civil War. Two died in that war.

Orval died in the trenches at Vicksburg in 1863 and James died in a hospital in Jackson in 1862.
